

Restroom Partition Hardware

[www.jacknob.com](http://www.jacknob.com)

## Our Commitment is Your Satisfaction

Jacknob owns and operates out of a 20,000 square foot warehouse located in Hauppauge, New York.

For over 70 years, Jacknob has been supplying the highest quality restroom partition hardware and restroom accessories. Manufacturing over 10,000 standard items, as well as a wide range of specialty and private label components, has given us experience and production capabilities unmatched in the industry.

Our advanced systems provide real time status of your order as it progresses. From the moment you place your order until the order is delivered. The Jacknob Team is a diverse group committed to one outcome, our customer's success.

# TERMS & CONDITIONS OF SALE

## TITLE & RISK OF LOSS:

Title and risk of loss shall pass to Buyer on delivery of goods to a carrier selected by Seller or a carrier requested by Buyer. Buyer shall accept and inspect all shipments immediately upon arrival and shall file claims with or against the carrier for any losses, shortages, or damages of any kind. All claims including shortages must be filed in writing within 10 days after receipt of goods.

## DELAYS:

Specified delivery dates are subject to availability of material and labor. Seller shall not be liable for, and at its election, shall be excused from performance of orders if its failure to perform is due to fire, flood, acts of God, explosion, labor difficulties, mechanical breakdown, accidents, prior commitments, priority of Government orders or any other cause beyond Seller's control. Any such reasons for delay shall extend the time for performance of the order by the number of days required to correct the cause of delay.

## RETURNS:

Material made-to-order is not returnable. Stock material is only returnable when permission (RGA #) has been granted by Seller, and is subject to handling and refinishing charges (minimum 20%). Shipping charges on all returned goods must be prepaid. We require invoice number and date of sale with returned goods, and permission for return must be requested in writing within thirty (30) days after receipt of merchandise.

## POLICY:

Seller reserves the right in its sole discretion to refuse acceptance of any order from any source at any time. Quotations are valid for a period of ten (10) business days from the date of issue, unless otherwise noted. Orders based on quotations which are more than ten (10) business days old shall not be accepted unless and until the original quotation is confirmed.

## TERMS:

Net 30 to rated firms. All other orders are to be prepaid or shipped C.O.D. unless otherwise specified. In the event that Seller takes any action to enforce its legal rights in connection with any sale and purchase, or to collect any sums due there from, the Buyer shall pay all cost of any such action, including, but not limited to, reasonable attorney's fees and costs, and reasonable attorney's fees and costs on appeal.

**ALL MAJOR CREDIT CARDS ARE ACCEPTED.**

## WARRANTY/LIMIT OF LIABILITY:

JACKNOB Corp. (hereinafter Seller) warrants all of our hardware for a period of ten (10) years from the date of original purchase (hereinafter Warranty Period) against manufacturing defects. Failure or damage due to vandalism, misuse, improper installation, neglect, war, or "acts of God" is explicitly excluded from said warranty (see Jacknob Tech Care sheets for "Proper Care of Toilet Partition Hardware", and "Proper Installation of Toilet Partition Hardware"). Any warranty claim must be made within the Warranty Period. All warranty claims must be accompanied by the defective hardware (returned in accordance with Seller's return policy) along with proof of purchase consisting of the Jacknob invoice said hardware was purchased on. While Jacknob cannot make particular warranties of any other kind, including the warranty of the fitness of our hardware for a particular purpose, our Technical Support department will offer suggestions as to the applicability of our hardware for a particular use. Seller's liability for claims of any kind based on any theory of liability including but not limited to negligence, breach of warranty or breach of contract and which arise out of, or connected with, without limitation, the manufacture, sale, delivery, resale, repair or use of any product covered by or furnished by Seller shall be limited to replacement, repair or refund of original purchase price at Seller's exclusive option. Seller shall not be liable for indirect, incidental or consequential damages, of any kind, including but not limited to labor, travel, delivery charges, interruption/loss of business expenses, lost sales, or injury to persons. This provision is intended to be Buyer's exclusive remedy against Seller for the products furnished by Seller.

## ACCEPTANCE:

Acceptance of Buyer's order is expressly limited to and made conditional upon the terms and conditions contained herein, and any of the Buyer's terms and conditions which in addition to or different from those contained herein which are not separately agreed to in writing by Seller are hereby objected to and shall be of no effect.

## SERVICE CHARGES:

A minimum service charge of 1-1/2% per month will be assessed on all past due accounts. This service charge may be increased based upon current money market conditions.

**PRICES ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE AND ARE F.O.B OUR FACTORY.**

These latches are for doors which have part of its assembly "Concealed" and are mainly associated with the major steel partition manufacturers. Latches follow OEM specifications to ensure a proper fit. Featuring die casted construction in Zamac #3 which is known for its excellent physical and mechanical properties. All latches come in a bright chrome finish and can be used on either inswing or outswing doors.

**Finish:** Bright Chrome Plated

## Surface Mounted Latches: Slide Bar

### Surface Mounted Latch : Slide Bar Extruded Aluminum

Latches are surface mounted and used in commercial restroom partition door installations. These latches are commonly used with 1" thick solid plastic partitions (PPE). Made of 6063-T5 extruded aluminum because of its strength and good corrosion resistance. Latches are available in bright dip or clear anodized finishers.

**ADA:** All featured items are ADA Compliant

Part No	Finish	Hole C/C	Bar Style	Swing	Indicator
5054	Clear Ano	3-1/2"	Slide Bar	Inswing / Outswing	No
5058	Bright Dip	3-1/2"	Slide Bar	Inswing / Outswing	No
4984	Bright Dip	3-1/2"	Slide Bar	Inswing	No
4988	Clear Ano	3-1/2"	Slide Bar	Inswing	No

### Screw Packs : Surface Mounted Slide Bar Latches Extruded Aluminum

Screw packs for extruded aluminum surface mounted latches. Includes all thru-bolting fasteners to install one latch. Fasteners are chrome-plated steel with either one way safety slot or 6-lobe pin heads (T-27).

Part No	Door Thickness	Head Type	Thread Pitch

Available in One Way  or T-27 

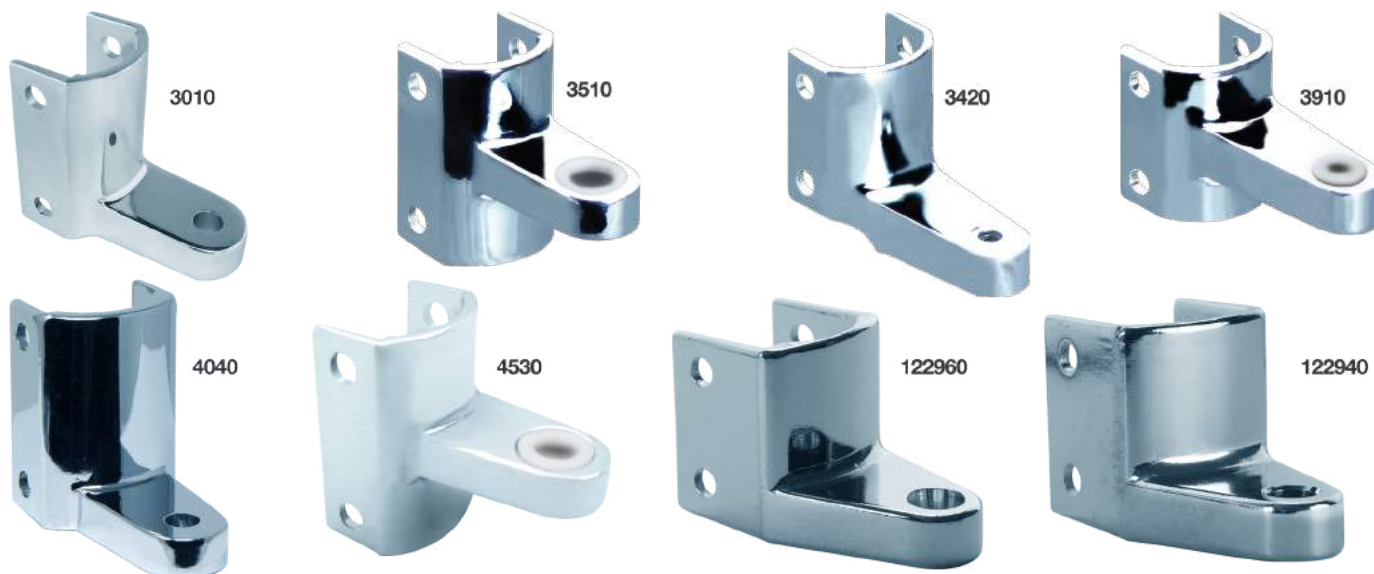

## Pivot Hinges: Round Pilaster Mount

2

Hinges

### Pivot Hinge : Round Pilaster Mount Cast Zamac

These hinges are the most common and economic choice for commercial restroom doors and are mainly used with metal partitions. Bottom hinges are adjustable and self-close by gravity with an added cam and pintle, while the top hinge secures the door with an additional 3" steel pin. Featuring die cast construction in Zamac #3 which has superb castability and finishing characteristics. Hinges have a durable bright chrome finish and available for either inswing or outswing doors.

**Finish:** Bright Chrome Plated

This diagram helps to identify the components that are associated with pivot hinge door hardware. These components are available individually so you can replace just what you need which reduces maintenance costs or in replacement kits, which includes all the components and fasteners needed. When replacing individual parts, it is recommended that pintles and cams should be replaced at the same time. Replacement hinge kits are set up to work with either inswing or outswing doors.

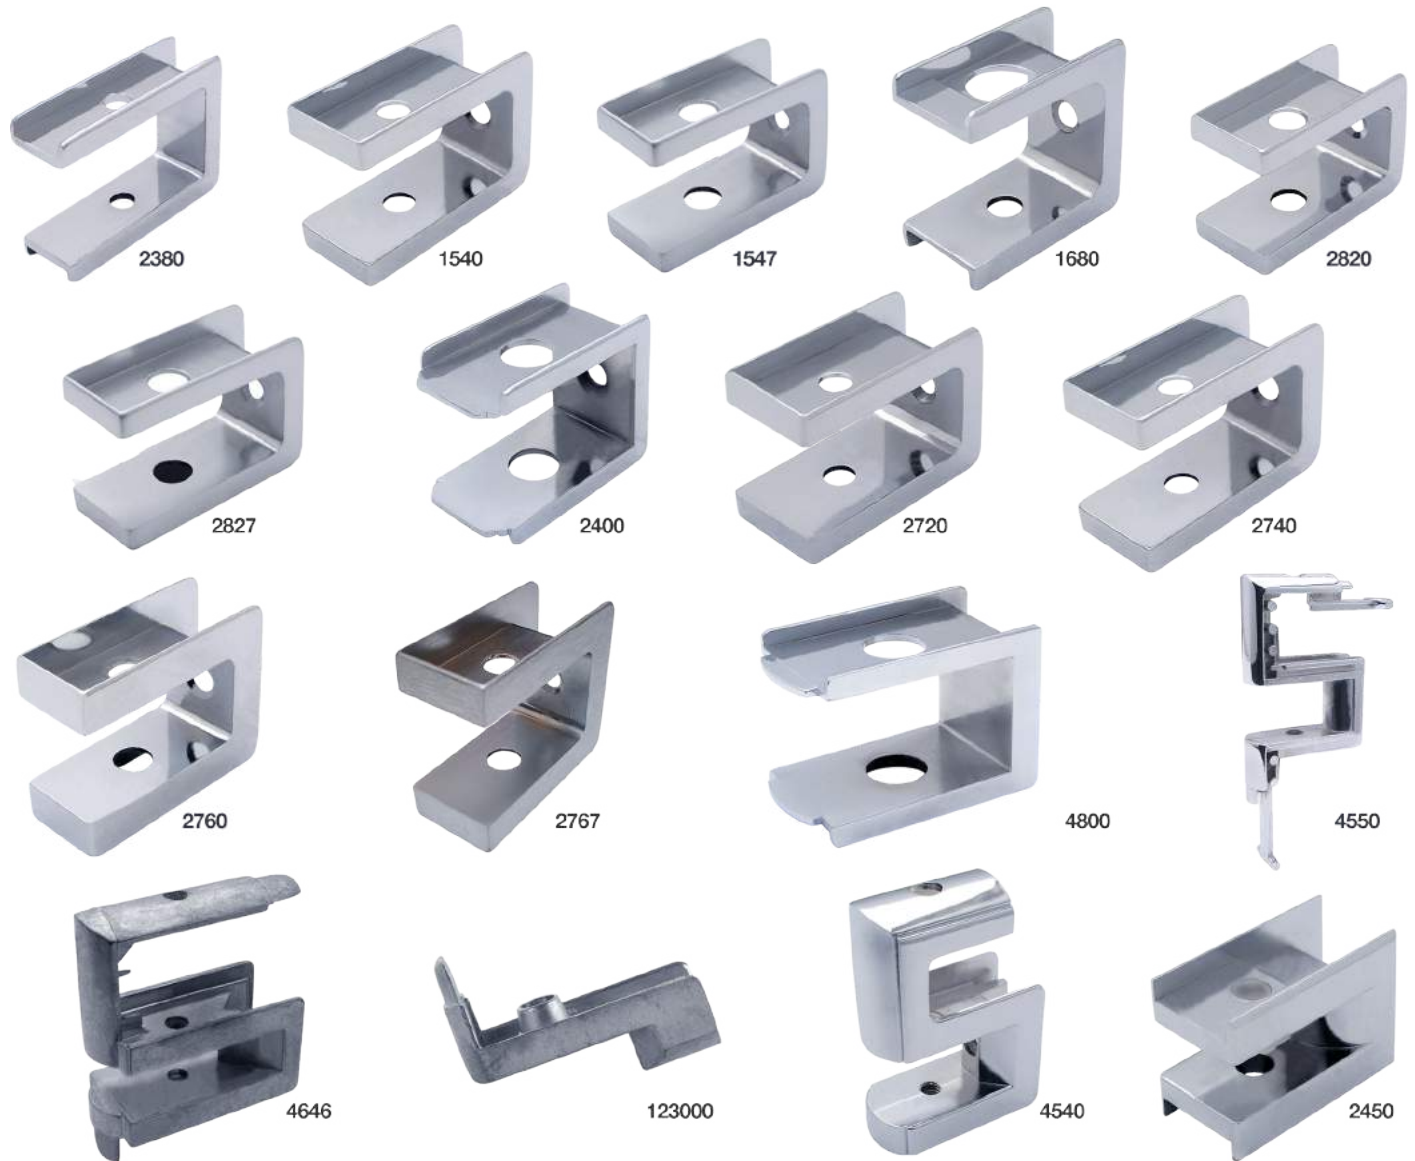

## Pivot Hinges: Door Inserts

2

Hinges

### Pivot Hinge Component : Top Hinge Door Insert : Cast Zamac

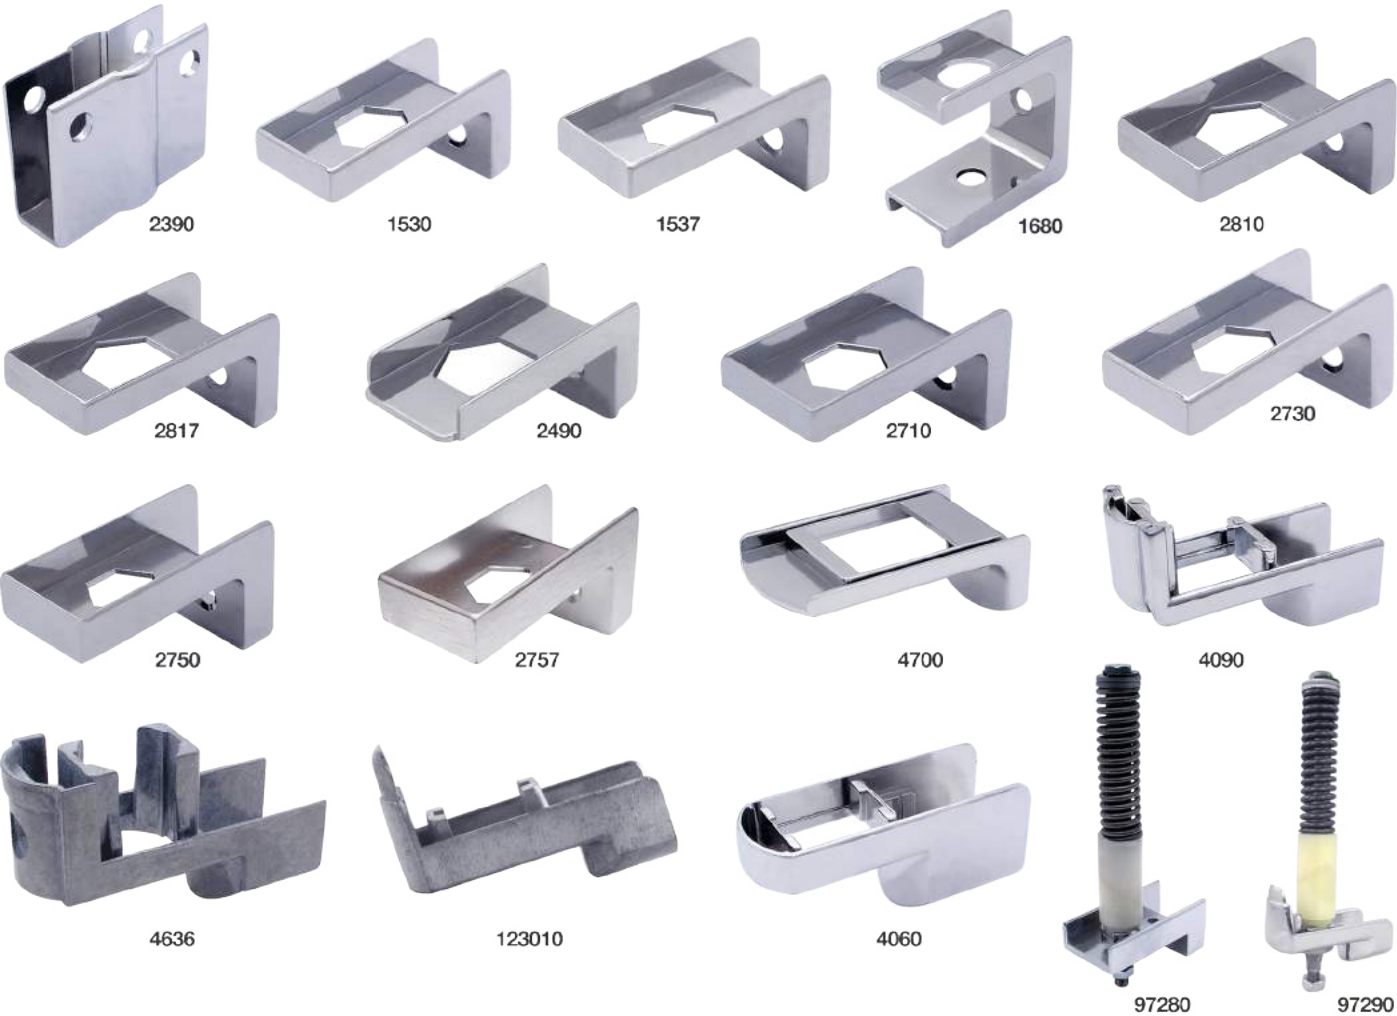

Top inserts are for commercial restroom doors. Door inserts are used with pivot type hinges on partition installations. Inserts feature die cast construction in Zamac #3, which is known for its excellent physical and mechanical properties.

## How to determine the handedness and swing of restroom door?

Hinges

Stand outside and face the restroom stall (see diagram). See which side of the door the hinges are installed on, this will give you the handedness . Next see if the door swings in to the stall or out from the stall.

## Surface Mount Hinge : Three Hinge Set Stainless Steel

Commercial grade restroom doors restroom door hinges. Surface mounted flush to the door and pilaster, these hinges include a complete set of assemblies: (2) top and (1) bottom. Available in either a medium duty (70 lb. max door weight) or heavy duty (90 lb. max door weight). Hinges are adjustable, gravity close type and are emergency access ready if needed. Constructed of stamped or cast 304 stainless steel with a #4 satin finish.

**3-Hinge Set:** (2) Top Assembly, (1) Bottom Assembly

**Screw Packs:** (1) Door Set & (1) Post Set Required

Part No	Construction	Door Swing	Max Capacity	Emergency Access
7179	Stamped	Right Hand In / Left Hand Out	70 lb./Door	Yes
7189	Stamped	Left Hand In / Right Hand Out	70 lb./Door	Yes

## Surface Mount Hinges: Standard Fasteners

### Surface Mount Hinge : Two Hinge Set Stainless Steel Light Duty

Light duty hinges for commercial restroom doors are surface mounted flush to the door and pilaster. Hinge sets include complete top and bottom assemblies and require both door and post screw packs for installation. Gravity close hinges are adjustable and emergency access ready if needed. Featuring stamped 304 stainless steel construction with a #4 satin finish, light duty hinges support a max door weight of 50 lbs.

**2-Hinge Set:** (1) Top Assembly, (1) Bottom Assembly

**Screw Packs:** (1) Door Set & (1) Post Set Required

Part No	Construction	Door Swing	Max Capacity	Emergency Access
7079	Stamped	Right Hand In / Left Hand Out	50 lb./Door	Yes
7089	Stamped	Left Hand In / Right Hand Out	50 lb./Door	Yes

### Surface Mount Hinge : Two Hinge Set Stainless Steel Heavy Duty

Heavy duty hinges for commercial restroom doors are surface mounted flush to the door and pilaster. Hinge sets include complete top and bottom assemblies and require both door and post screw packs for installation. Gravity close hinges are adjustable and feature stamped 304 stainless steel construction with a #4 satin finish. Heavy duty hinges support a max door weight of 90 lbs.

**2-Hinge Set:** (1) Top Assembly, (1) Bottom Assembly

**Screw Packs:** (1) Door Set & (1) Post Set Required

Part No	Construction	Door Swing	Height	Max Capacity	Emergency Access
8649	Stamped	Non-Handed	4"	90 lb./Door	No
8659	Stamped	Non-Handed	5"	90 lb./Door	No

### Screw Packs : Two Hinge Set : Door to Hinge

Designed to mix-and-match door and post thicknesses, (2) screw packs will be needed for a complete install. 304 stainless steel thru-bolting fasteners for door to hinge installation.

**Door vs. Post Screw Packs:** Door side screw packs listed, post side sold separately

## Surface Mount Hinge : Two Hinge Set + Security Fasteners Stamped Brass

Hinges are for commercial restroom doors which are to be surface mounted flush to the door and pilaster. These hinges include a complete set of top and bottom assemblies and are to be used on light duty installations (maximum door weight of 50 lbs.). Hinges are adjustable, gravity close type and are emergency access ready if needed. Made of stamped 3/32" thick brass which is polished and plated in bright chrome. Includes one way chrome plated steel security fasteners.

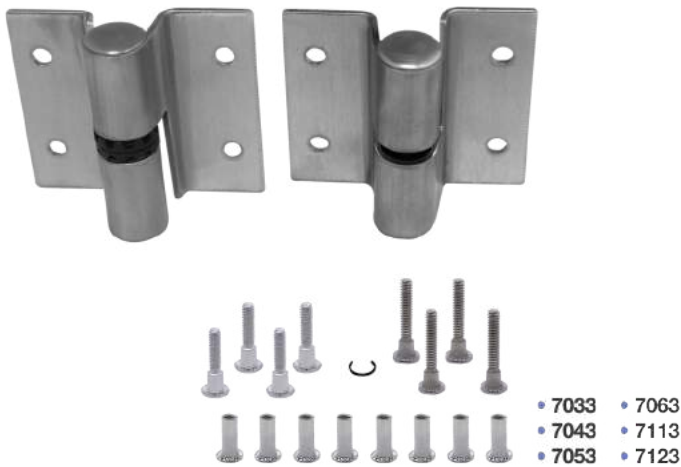

**Fasteners For:** 1" Door and 1-1/4" Pilaster

**Finish:** Bright Chrome Plated

Part No	Door Swing	Max Capacity	Emergency Access
7011	Right Hand In or Left Hand Out	50 lb./Door	Yes
7021	Left Hand In or Right Hand Out	50 lb./Door	Yes

## Surface Mount Hinge : Two Hinge Set + Security Fasteners Stainless Steel

Hinges are for commercial restroom doors which are to be surface mounted flush to the door and pilaster. These hinges include a complete set of top and bottom assemblies and come in either a light duty (max door weight 50 lbs.) medium duty (max door weight 70 lbs. Hinges are adjustable, gravity close type and are emergency access ready if needed. Made of stamped or casted 304 stainless steel with a #4 Satin finish. Includes one way 304 stainless steel security fasteners.

**Fasteners For:** 1" Door and 1-1/4" Pilaster

**Finish:** Satin Stainless Steel

Part No	Construction	Door Swing	Max Capacity	Emergency Access
7033	Stamped	Right Hand In or Left Hand Out	50 lb./Door	Yes
7043	Stamped	Left Hand In or Right Hand Out	50 lb./Door	Yes
7053	Stamped	Right Hand In or Left Hand Out	70 lb./Door	Yes
7063	Stamped	Left Hand In or Right Hand Out	70 lb./Door	Yes
7113	Die Cast	Right Hand In or Left Hand Out	70 lb./Door	Yes
7123	Die Cast	Left Hand In or Right Hand Out	70 lb./Door	Yes
7413	Die Cast	Right Hand In or Left Hand Out	70 lb./Door	Yes
7423	Die Cast	Left Hand In or Right Hand Out	70 lb./Door	Yes

## Continuous Hinges

### Continuous Hinge : Spring Close Stamped Stainless Steel

Continuous hinges, also referred to as piano hinges are for restroom partition doors which are mounted flush to the door and pilaster. Hinges feature spring closing and are emergency access ready if needed. Stamped from 14 gauge 304 stainless steel with a #4 satin finish.

**Finish:** Satin Stainless Steel

Part No	Door Swing	Resting Position	Gauge	Length
7659	Right Hand In or Left Hand Out	0°	16	57-1/2"
7669	Left Hand In or Right Hand Out	0°	16	57-1/2"
7759	Right Hand In or Left Hand Out	0°	16	71-1/2"
7769	Left Hand In or Right Hand Out	0°	16	71-1/2"
7959	Right Hand In or Left Hand Out	0°	16	54"
7969	Left Hand In or Right Hand Out	0°	16	54"

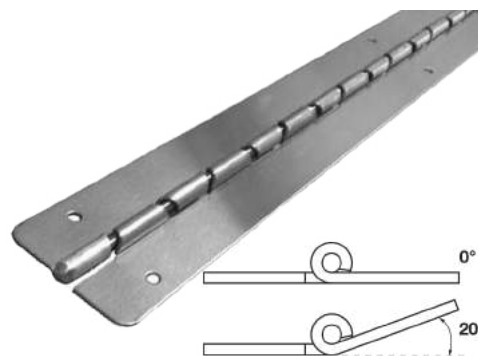

### Continuous Hinge : Gravity Close Stamped Stainless Steel

For restroom partition doors mounted flush to door and pilaster. Gravity self-closing and emergency access ready. Non-handed for in or outswing; left or right side mount. Stamped #14 gauge 304 stainless steel.

**Finish:** #4 Satin

Part No	Door Swing	Resting Position	Gauge	Length
125319	Non-Handed	0°	14	54-1/2"
160029	Non-Handed	0°	14	57"
161259	Non-Handed	0°	14	63"
11569	Non-Handed	0°	14	68"
160799	Non-Handed	0°	14	71"
125329	Non-Handed	20°	14	54-1/2"
160039	Non-Handed	20°	14	57"
11579	Non-Handed	20°	14	68"
160809	Non-Handed	20°	14	71"

### Continuous Hinge : Non-Closing Stamped Stainless Steel

This hinge is the most basic of the piano hinge types for restroom partition doors are mounted flush to the door and pilaster. Hinges featured are non-closing and have no emergency access. They are non-handed which means they can be used for in or outswing doors and mounted either on the left or right side. Hinges are stamped #14 gauge 304 stainless steel in #4 stain finish.

**Finish:** Satin Stainless Steel

Part No	Door Swing	Resting Position	Gauge	Length
7649	Non-Handed	0°	16	57-1/2"

### Screw Packs : Continuous Hinges Stamped Stainless Steel

Designed to mix-and-match door and post thicknesses; (2) screw packs will be needed for a complete install. Fasteners are satin-finished 304 stainless steel with one way safety slot or 6-lobe pin heads (T-27).

**Note:** Order (2) screw packs per hinge: (1) for post, (1) for door

Part No	Panel Type	Panel Thickness	Head Type
122309	Door or Post	3/4" Material	One Way
6122309	Door or Post	3/4" Material	6-Lobe Pin
122319	Door or Post	7/8" Material	One Way
6122319	Door or Post	7/8" Material	6-Lobe Pin
122329	Door or Post	1" Material	One Way
6122329	Door or Post	1" Material	6-Lobe Pin
122349	Door or Post	1-1/4" Material	One Way
6122349	Door or Post	1-1/4" Material	6-Lobe Pin

Available in One Way or T-27

## Continuous Hinge : Spring Close Extruded Aluminum

Continuous hinges, also referred to as piano hinges are for restroom partition doors which are mounted flush to the door and pilaster. Hinges feature spring closing and are emergency access ready if needed. Made of 6063-T5 extruded aluminum with a clear anodized finish and includes matching coves which hide mounting fasteners.

**Finish:** Clear Anodized

Part No	Door Swing	Resting Position	Gauge	Length
8674	Right Hand In or Left Hand Out	0°	8	54"
8684	Left Hand In or Right Hand Out	0°	8	54"

## Screw Packs : Continuous Hinges Extruded Aluminum

Screw packs for aluminum continuous hinges. Designed to mix-and-match door and post thicknesses; (2) screw packs will be needed for a complete install. Includes all thru-bolting fasteners needed to install to the door or to the post. Fasteners are chrome-plated-steel with 10-24 thread and 6-lobe pin heads (T-27).

**Note:** Order (2) screw packs per hinge: (1) for post, (1) for door

Part No	Panel Type	Panel Thickness	Head Type
123320	Door or Post	1/2" Material	6-Lobe Pin
123330	Door or Post	3/4" Material	6-Lobe Pin
123340	Door or Post	7/8" Material	6-Lobe Pin
123350	Door or Post	1" Material	6-Lobe Pin
123370	Door or Post	1-1/4" Material	6-Lobe Pin

Available in One Way  or T-27 

## Specialty Hinges: Integral, Locker & more

### Integral Hinge Set Nylon

Hinge is an integral type mounted for 1" thick solid plastic bathroom partitions door and pilaster. Includes complete set for door mounting. Hinge features moulded nylon with reinforced stainless steel pin construction and are spring close with emergency access.

**Finish:** White Nylon

Part No	Material	Construction	Door Swing	Finish
7005	Nylon	Moulded	Non-handed	White

### Locker Hinge : Non-Closing Stamped Stainless Steel

Hinges are locker type mounted for bathroom locker partition doors. Hinges features stamped 304 stainless steel #13 gauge construction and are non-closing.

Part No	Material	Construction	Door Swing	Finish
7719	Stainless	Stamped	Non-handed	Satin

### Vault Hinge : Two Hinge Set Cast Stainless Steel

These hinges are known for the durability and easy installation. Hinges are for 3/4" or 1" thick public restroom doors and pilasters and a go to hinge when dealing with phenolic partitions. Set includes bottom and top hinge assemblies and are gravity close type with emergency access. Features cast 304 stainless steel construction with a #4 satin finish.

Part No	Door Swing	Finish
7813	Non-handed	Satin Stainless

### Screw Packs : Vault Hinges Cast Stainless Steel

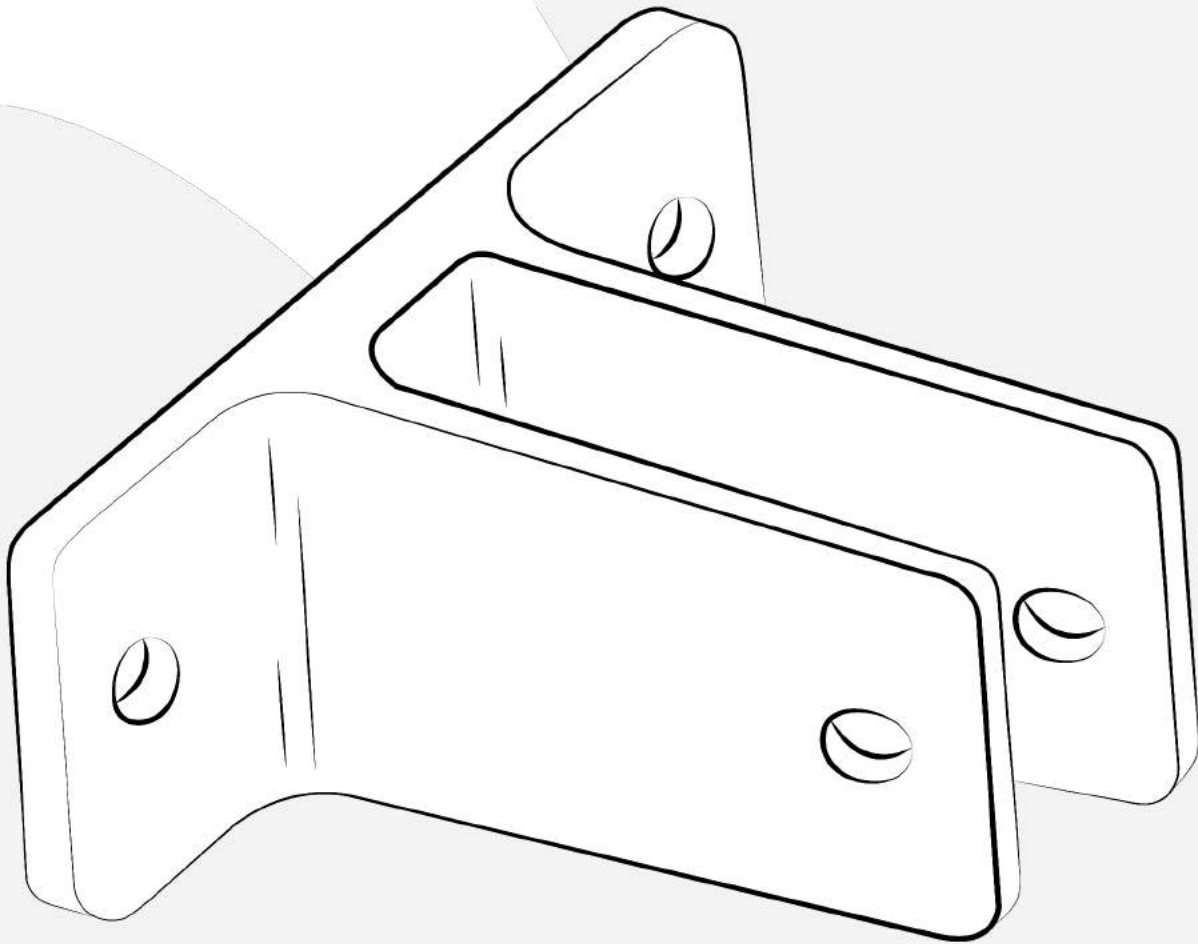

Screw packs for stainless steel vault type mounted hinges. Includes all thru-bolting fasteners needed to install one set of bottom and top hinges. Fasteners are 304 stainless steel with 10-24 thread and a choice of either one way safety slot or 6-lobe pin heads (T-27).

**Finish:** Satin

Part No	Panel Thickness	Head Type
579	3/4" or 1" Material	One Way
60579	3/4" or 1" Material	6-Lobe Pin

Available in One Way  or T-27

1564	Aluminum	Extruded	1/2"	3-5/32"	2-3/4"

### Screw Packs : Standard Wall Brackets Extruded Aluminum

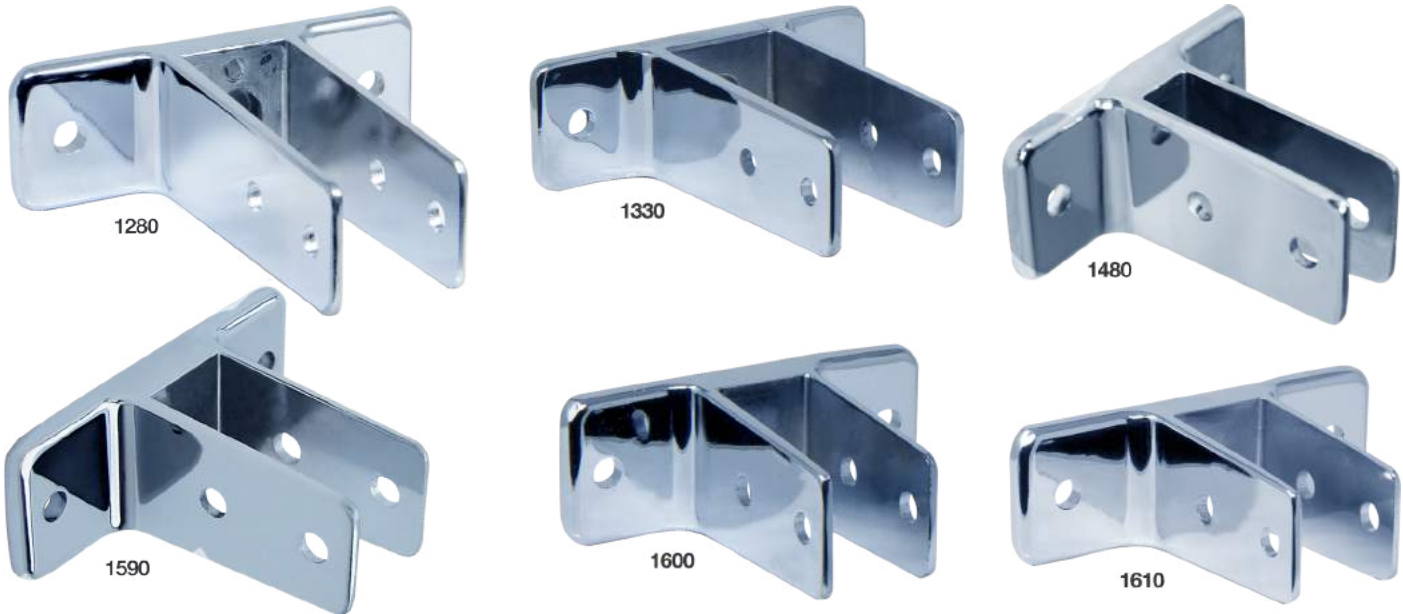

Screw packs for standard aluminum wall brackets. Includes all thru-bolting and wall mounting fasteners needed to install one wall bracket. Fasteners are chrome plated steel with 10-24 thread and one way safety slot or 6-lobe pin head (T-27).

**Finish:** Chrome

Part No	Partition Thickness	Head Type
340	1/2" Material	One Way
60340	1/2" Material	6-Lobe Pin
350	3/4" Material	One Way
60350	3/4" Material	6-Lobe Pin
20	1" Material	One Way
60020	1" Material	6-Lobe Pin
140	1-1/4" Material	One Way
60140	1-1/4" Material	6-Lobe Pin

## Urinal Screen Brackets : Two Ear Cast Zamac

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature die casted construction in Zamac #3 which is known for its excellent physical and mechanical properties. Brackets have extra mounting holes for added support and come in a bright chrome finish.

**Finish:** Chrome

Part No	Material	Construction	Panel	Base	Height
1280	Zamac	Cast	1"	4"	3-1/2"
1330	Zamac	Cast	1-1/4"	4"	3-1/2"
1480	Zamac	Cast	1/2"	2-27/32"	2-1/2"
1590	Zamac	Cast	3/4"	3"	2-1/2"
1600	Zamac	Cast	7/8"	3-1/2"	2-1/2"
1610	Zamac	Cast	1"	4"	2-1/2"

## Urinal Screen Brackets : Wing Style Cast Zamac

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature die casted construction in Zamac #3 which is known for its excellent physical and mechanical properties. Brackets have extra mounting holes for added support and come in a bright chrome finish.

**Finish:** Chrome

Part No	Material	Construction	Panel	Base	Height
2500	Zamac	Cast	1-1/4"	6-1/4"	6"
2700	Zamac	Cast	1"	7"	12"

## Screw Packs : Urinal Screen Brackets : Cast Zamac

Includes all thru-bolting and wall mounting fasteners for one bracket. Fasteners are chrome-plated steel with 10-24 thread and one way safety slot or 6-lobe pin heads (T-27).

Part No	Partition Thickness	Head Type	Bracket Height
340	1/2" Material	One Way	2-1/2"
60340	1/2" Material	6-Lobe Pin	2-1/2"
350	3/4" Material	One Way	2-1/2"
60350	3/4" Material	6-Lobe Pin	2-1/2"
360	7/8" Material	One Way	2-1/2"
60360	7/8" Material	6-Lobe Pin	2-1/2"
20	1" Material	One Way	2-1/2"
60020	1" Material	6-Lobe Pin	2-1/2"

60070	1" and 1-1/4" Material	6-Lobe Pin	3-1/2", 6", 12"
140	1-1/4" Material	One Way	2-1/2"
60140	1-1/4" Material	6-Lobe Pin	2-1/2"

## Standard Brackets: Urinal Screen Brackets

3

Brackets

### Urinal Screen Brackets : Two Ear Stamped Stainless Steel

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature 14 gauge stamped 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Brackets have extra mounting holes for additional support and are finished off in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Base	Height
1289	Stainless	Stamped	1"	3-11/16"	3-1/2"
1339	Stainless	Stamped	1-1/4"	3-15/16"	3-1/2"
1489	Stainless	Stamped	1/2"	3-3/16"	2-1/2"
1599	Stainless	Stamped	3/4"	3-13/32"	2-1/2"
1609	Stainless	Stamped	7/8"	3-9/16"	2-1/2"
1619	Stainless	Stamped	1"	3-11/16"	2-1/2"

### Urinal Screen Brackets : Heavy Duty Two Ear Stamped Stainless Steel

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature double thick 14 gauge stamped 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Brackets have extra mounting holes for additional support and are finished off in a brushed #4 satin.

**Finish:** Satin

Part No	Construction	Panel	Base	Height
4309	Stamped	1/2"	3-5/8"	4"
4319	Stamped	3/4"	3-7/8"	4"
4339	Stamped	1"	3-7/8"	4"
4349	Stamped	1-1/4"	3-7/8"	4"

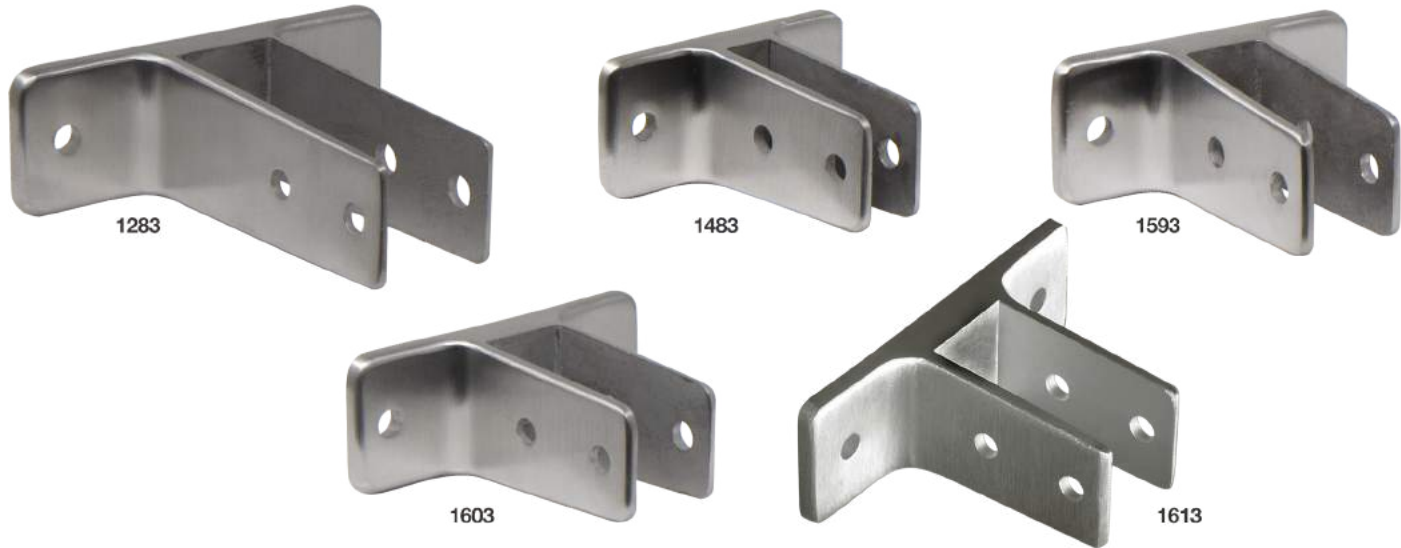

### Screw Packs : Urinal Screen Brackets : Stainless Steel

Includes all thru-bolting and wall mounting fasteners for one bracket. Satin-finish 304 stainless steel with either one way safety slot or 6-lobe pin heads (T-27).

Part No	Partition Thickness	Std	HD	Head Type	Bracket Height
349	1/2" Material	•	•	One Way	2-1/2"

### Urinal Screen Brackets : Two Ear Cast Stainless Steel

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature cast 304 stainless steel construction which is the most versatile and widely used due to its corrosion resistance. Brackets are made of a high quality durable castings with extra mounting holes for added support and finished in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Base	Height
1283	Stainless	Cast	1"	4"	3-1/2"
1483	Stainless	Cast	1/2"	2-27/32"	2-1/2"
1593	Stainless	Cast	3/4"	3"	2-1/2"
1603	Stainless	Cast	7/8"	3-1/2"	2-1/2"
1613	Stainless	Cast	1"	4"	2-1/2"

### Urinal Screen Brackets : Two Ear Extruded Aluminum

Brackets are two ear and wall to urinal panel mounted for commercial restroom partitions. Brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Additional mounting holes are added to the brackets for extra urinal panel support. Brackets come in a clear anodized finish.

**Finish:** Clear Anodized

Part No	Material	Construction	Panel	Base	Height
1614	Aluminum	Extruded	1"	3-3/4"	2-3/4"

### Screw Packs : Urinal Screen Brackets : Extruded Aluminum

Screw packs for standard aluminum urinal screen brackets. Includes all thru-bolting and wall mounting fasteners needed to install one bracket. Fasteners are chrome plated steel with 10-24 thread and one way safety slot or 6-lobe pin heads (T-27).

**Finish:** Chrome

Part No	Partition Thickness	Head Type
20	1" Material	One Way
60020	1" Material	6-Lobe Pin

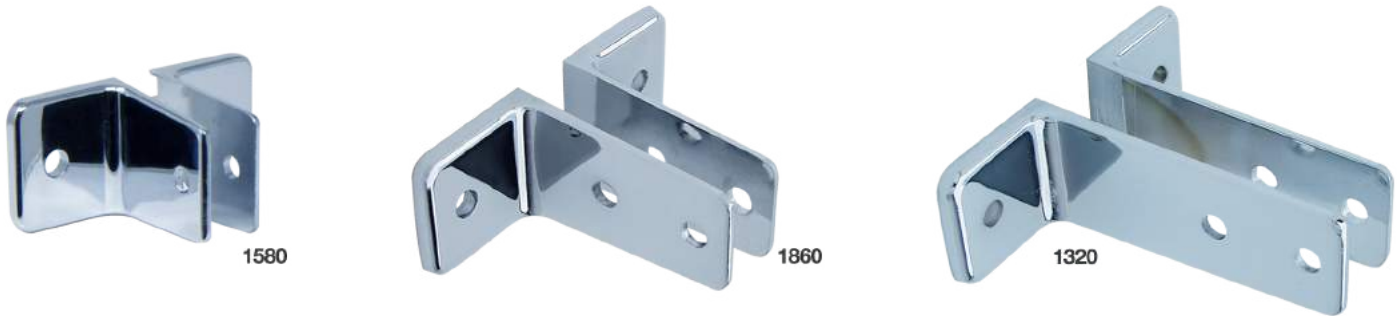

2x

Available in One Way  or T-27 

## Standard Brackets: Two-Piece Brackets

### 3 Brackets

#### Two-Piece Wall Brackets : Universal Cast Zamac

Brackets are two piece and wall to panel mounted for bathroom partitions. Brackets feature two piece configuration to adopt to different panel thicknesses. Available in Zamac chrome plated and either stamped or casted stainless steel with a satin finish. These brackets come with additional mounting holes for extra support.

**Panel Size:** All

Part No	Material	Construction	Finish	Panel	Base	Height
1580	Zamac	Cast	Polished Chrome	All	1-3/8"	1-3/4"
1860	Zamac	Cast	Polished Chrome	All	1-1/2"	2-1/2"
1320	Zamac	Cast	Polished Chrome	All	1-1/2"	3-1/2"

#### Two-Piece Wall Brackets : Universal Extruded Aluminum

Brackets are two piece and wall to panel mounted for bathroom partitions. Brackets feature two piece configuration to adopt to different panel thicknesses. Available in Zamac chrome plated and either stamped or casted stainless steel with a satin finish. These brackets come with additional mounting holes for extra support.

**Panel Size:** All

Part No	Material	Construction	Finish	Panel	Base	Height
1864	Aluminum	Extruded	Clear Anodized	All	1-3/8"	2-3/4"

#### Screw Packs : Two-Piece Brackets Zamac & Aluminum

Screw packs for Zamac and aluminum brackets. Includes all thru-bolting and wall mounting fasteners needed to install one bracket. Fasteners are chrome-plated steel with 10-24 thread and one way safety slot or 6-lobe pin heads (T-27).

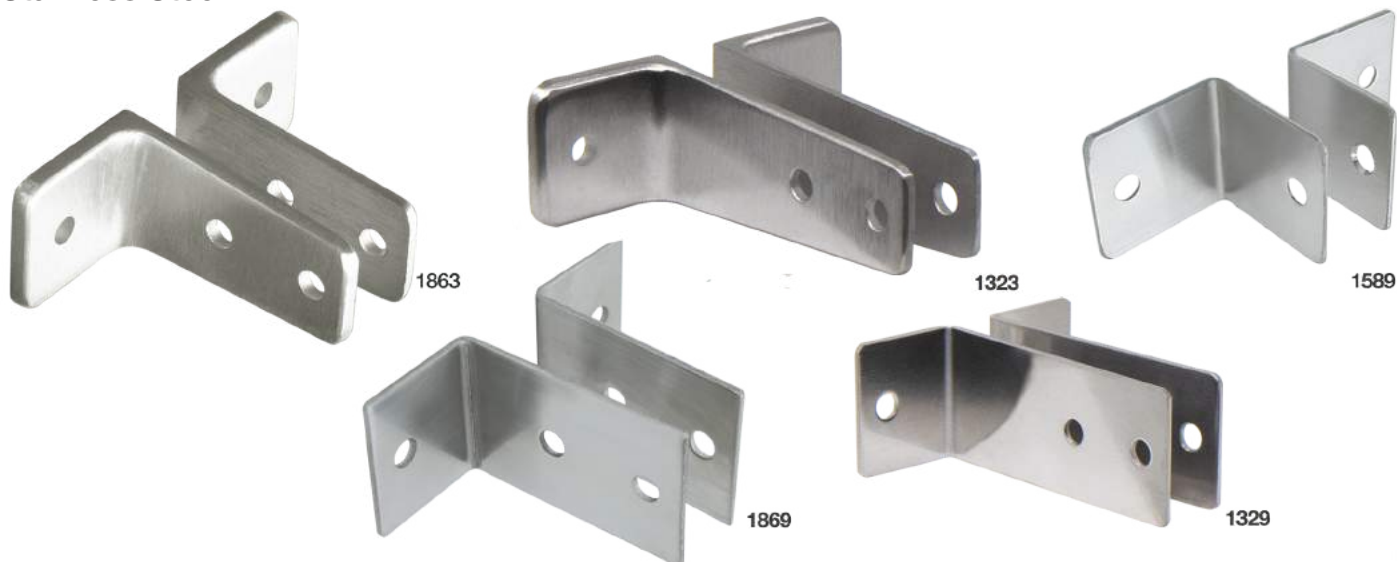

Part No	Partition Thickness	Head Type
340	1/2" Material	One Way
60340	1/2" Material	6-Lobe Pin
350	3/4" Material	One Way
60350	3/4" Material	6-Lobe Pin

60020	1" Material	6-Lobe Pin
140	1-1/4" Material	One Way
60140	1-1/4" Material	6-Lobe Pin

2x

Available in One Way  or T-27 

## Two-Piece Wall Brackets : Universal Stainless Steel

3

Brackets

Brackets are two piece and wall to panel mounted for bathroom partitions. Brackets feature two piece configuration to adopt to different panel thicknesses. Available in Zamac chrome plated and either stamped or casted stainless steel with a satin finish. These brackets come with additional mounting holes for extra support.

**Panel Size:** All

Part No	Material	Construction	Finish	Panel	Base	Height
1863	Stainless	Cast	Satin Stainless	All	1-1/2"	2-1/2"
1323	Stainless	Cast	Satin Stainless	All	1-1/2"	3-1/2"
1589	Stainless	Stamped	Satin Stainless	All	1-5/8"	1-5/8"
1869	Stainless	Stamped	Satin Stainless	All	1-5/16"	2-1/2"
1329	Stainless	Stamped	Satin Stainless	All	1-5/16"	3-1/2"

## Screw Packs : Two-Piece Brackets Stainless Steel

Screw packs for stainless steel brackets. Includes all thru-bolting and wall mounting fasteners needed to install one bracket. Fasteners are 304 stainless steel with either one way safety slot or 6-lobe pin heads (T-27) and a satin finish.

Part No	Partition Thickness	Head Type
349	1/2" Material	One Way
60349	1/2" Material	6-Lobe Pin
359	3/4" Material	One Way
60359	3/4" Material	6-Lobe Pin

149	1-1/4" Material	One Way
60149	1-1/4" Material	6-Lobe Pin

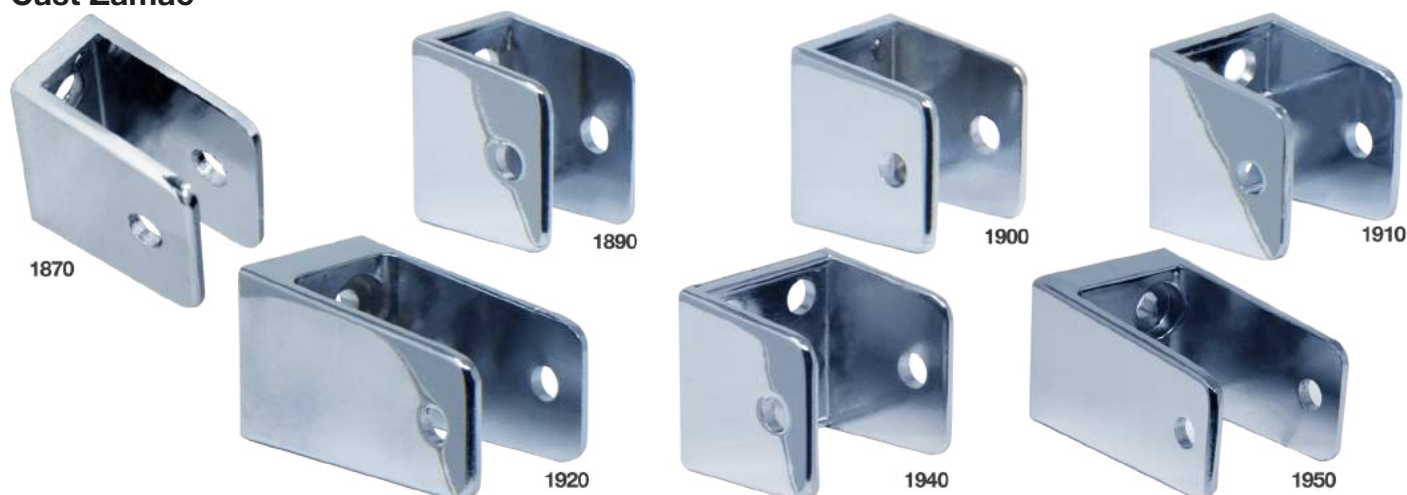

2x

Available in One Way  or T-27 

## Standard Brackets: U Brackets

### Standard U Brackets Cast Zamac

Brackets are U shaped and are mostly used in securing the restroom compartment divider panel to the pilaster. Brackets feature die casted construction in Zamac #3 which is known for its excellent physical and mechanical properties. Brackets come in a bright chrome finish.

**Finish:** Chrome

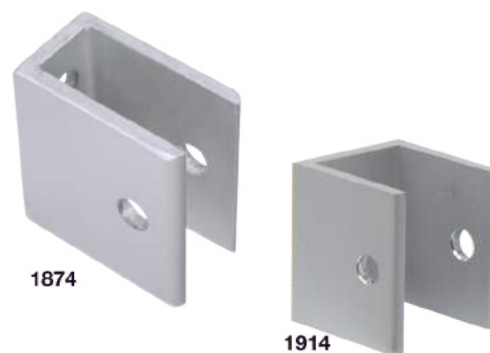

Part No	Material	Construction	Panel	Height
1870	Zamac	Cast	1/2"	1-3/8"
1890	Zamac	Cast	3/4"	1-3/8"
1900	Zamac	Cast	7/8"	1-3/8"
1910	Zamac	Cast	1"	1-3/8"
1920	Zamac	Cast	1"	2-1/2"
1940	Zamac	Cast	1-1/4"	1-3/8"
1950	Zamac	Cast	1-1/4"	2-1/2"

### Standard U Brackets Extruded Aluminum

Brackets are U-shaped and pilaster-to-panel mounted for commercial restroom partitions. Brackets feature extruded construction in 1/8" thick 6063-T5 aluminum; chosen for its strength and corrosion resistance. Brackets come in a clear anodized finish.

**Finish:** Clear Anodized

Part No	Material	Construction	Panel	Height
1874	Aluminum	Extruded	1/2"	1-3/8"
1914	Aluminum	Extruded	1"	1-3/8"

### Screw Packs : Standard U Brackets Zamac & Aluminum

Screw packs for standard U brackets in cast Zamac and extruded aluminum. Includes all thru-bolting and panel mounting fasteners needed to install one bracket. Fasteners are chrome plated steel with either phillips, one way safety slot, or 6-lobe pin head (T-27).

**Finish:** Chrome

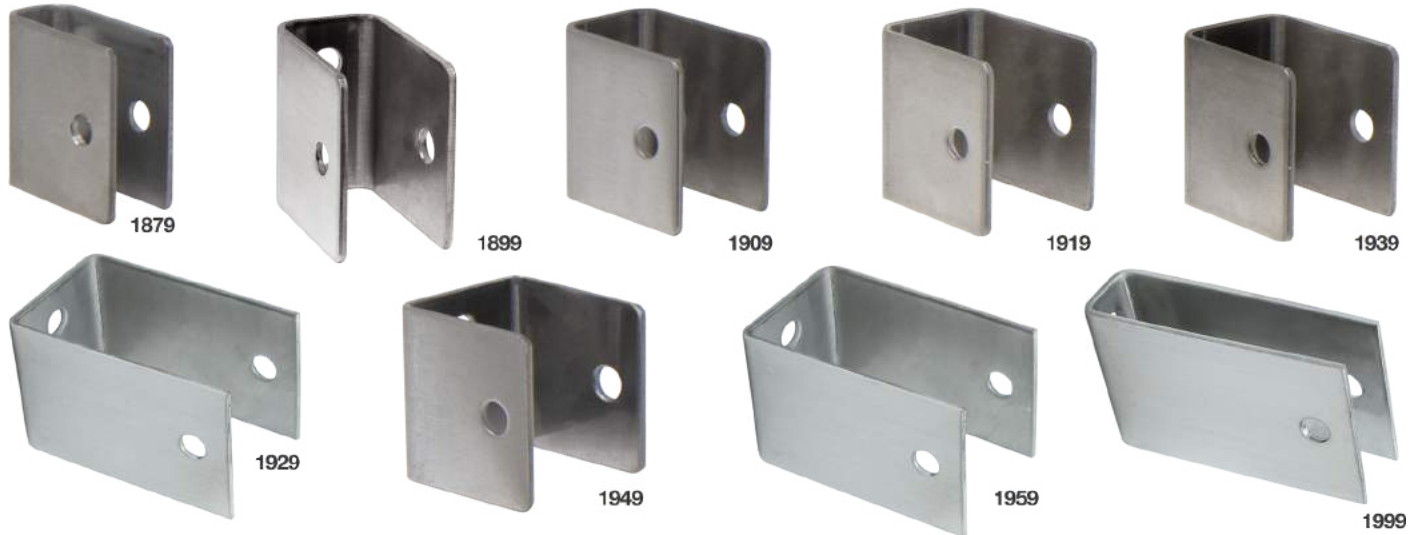

Part No	Partition Thickness	Head Type
6106520	1/2" Material	6-Lobe Pin
112410	3/4" or 7/8" Material	One Way
6112410	3/4" or 7/8" Material	6-Lobe Pin
30	1" or 1-1/4" Material	Phillips
60030	1" or 1-1/4" Material	6-Lobe Pin

Available in One Way  or T-27 

## Standard U Brackets Stamped Stainless Steel

These U-shaped brackets are most commonly used for securing restroom compartment divider panels to a pilaster. Brackets feature 14 gauge stamped 304 stainless steel construction. Stamped 304 stainless steel is very versatile, extremely durable, and highly resistant to rust. Brackets are finished in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Height
1879	Stainless	Stamped	1/2"	1-1/2"
1899	Stainless	Stamped	3/4"	1-1/2"
1909	Stainless	Stamped	7/8"	1-1/2"
1919	Stainless	Stamped	1"	1-1/2"
1929	Stainless	Stamped	1"	2-1/2"
1939	Stainless	Stamped	1-1/8"	1-1/2"
1949	Stainless	Stamped	1-1/4"	1-1/2"
1959	Stainless	Stamped	1-1/4"	2-1/2"
1999	Stainless	Stamped	1/2"	2-1/2"

## Standard U Brackets Cast Stainless Steel

These U shaped brackets are mostly used in securing restroom compartment divider panels to the pilaster. Brackets feature cast 304 stainless steel construction which is the most versatile and widely used due to its corrosion resistance. Brackets are made of high quality durable castings and are finished in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Height
1873	Stainless	Cast	1/2"	1-3/8"
1893	Stainless	Cast	3/4"	1-3/8"
1903	Stainless	Cast	7/8"	1-3/8"
1913	Stainless	Cast	1"	1-3/8"

## Screw Packs : Standard U Brackets Stainless Steel

Screw packs for standard U brackets in stamped or cast stainless steel. Includes all thru-bolting and panel mounting fasteners needed to install one bracket. Fasteners are 304 stainless steel with either phillips, one way safety slot, or 6-lobe pin head (T-27).

**Finish:** Satin

Part No	Partition Thickness	Head Type
6106529	1/2" Material	6-Lobe Pin
112419	3/4" or 7/8" Material	One Way
6112419	3/4" or 7/8" Material	6-Lobe Pin
39	1" or 1-1/4" Material	Phillips
60039	1" or 1-1/4" Material	6-Lobe Pin

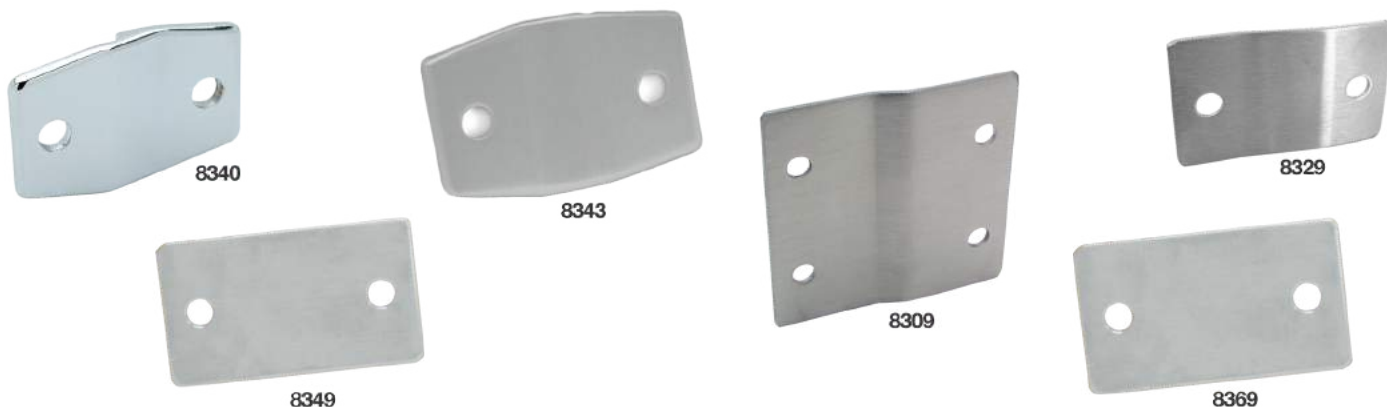

Available in One Way  or T-27 

## Standard Brackets: Alcove Clips

3

Brackets

### Standard Alcove Clips : Square Edge

Brackets are alcove type connecting panels to pilasters for bathroom partitions. Brackets are either flat for panels and posts of equal thickness or offset for panels and posts with a 1/4" difference in thickness.

**Edge:** Square

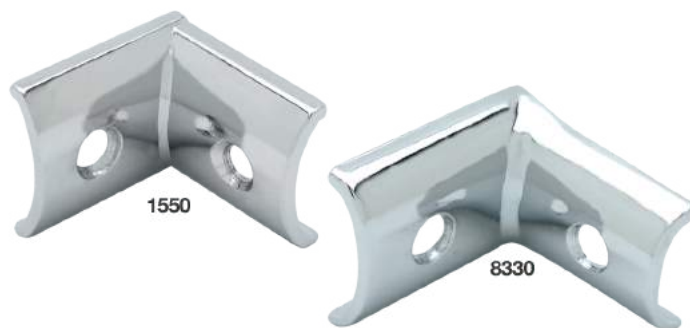

Part No	Material	Construction	Panels	Length	Height
8340	Zamac	Cast	Offset	2-1/4"	1-1/2"
8343	Stainless Steel	Cast	Offset	2-1/4"	1-1/2"
8309	Stainless Steel	Stamped	Equal	3"	2-3/4"
8329	Stainless Steel	Stamped	Offset	3"	2-3/4"
8349	Stainless Steel	Stamped	Offset	2-3/8"	1-1/2"
8369	Stainless Steel	Stamped	Equal	2-5/8"	1-1/2"

### Standard Alcove Clips : Round Edge

Brackets are alcove type connecting panels to pilasters for bathroom partitions. Brackets are made to be used on hollow steel partitions with offset panels and posts with a 1/4" difference in thickness.

**Edge:** Round

Part No	Material	Construction	Compatibility	Length	Height
1550	Zamac	Cast	Metpar	1-1/2"	1-1/2"
8330	Zamac	Cast	Flush-Metal	1-11/16"	1-11/16"

### Screw Packs

#### Standard Alcove Clips : Round Edge

Screw packs for standard chrome plated alcove clips which are for round edge partitions. Includes all thru-bolting and wall mounting fasteners needed to install one bracket. Fasteners are chrome plated steel with 10-24 thread and one way safety slot or 6-lobe pin heads.

**Finish:** Chrome

Part No	Partition Thickness	Head Type
130	1" to 1-1/4" Material	One Way
60130	1" to 1-1/4" Material	6-Lobe Pin

Available in One Way  or T-27 

## Continuous Alcove Clips Stamped Stainless Steel

Brackets are alcove type and pilaster to panel mounted for commercial restroom partitions. Brackets feature 18 gauge rollform 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Used mostly in pairs when pilaster and panel need to be connected edge to edge. These full length brackets offer total pilaster to panel support as well as additional privacy by eliminating spacers between panels. Brackets are available in a #4 satin finish.

**Finish:** Satin

Part No	Material	Construction	Panels	Length	Height	Mounting
8319	Stainless	Stamped	Equal	54"	3"	5 Holes
9359	Stainless	Stamped	Offset	57"	2-3/8"	5 Holes
111139	Stainless	Stamped	Equal	57"	3"	5 Holes
189979	Stainless	Stamped	Offset	71"	2-3/8"	6 Holes

- 8319
- 111139

- 9359
- 189979

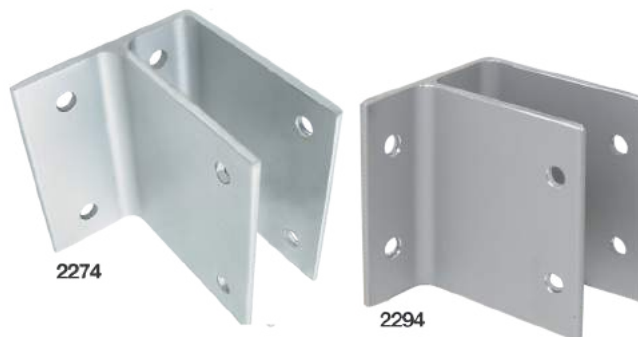

## Double Brackets: Wall Brackets

### Double Wall Brackets : One Ear Extruded Aluminum

Brackets are one ear and wall to panel mounted for commercial restroom partitions. Brackets, also referred to as "F" brackets are double the length of standard wall brackets. Wall brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Brackets come in clear anodized finished.

**Finish:** Clear Anodized

Part No	Material	Construction	Panel	Base	Height
2274	Aluminum	Extruded	1"	2-5/8"	2-3/4"
2294	Aluminum	Extruded	1-1/4"	2-5/8"	2-3/4"

### Double Wall Brackets : Two Ear Extruded Aluminum

Brackets are Two ear and wall to panel mounted for commercial restroom partitions. Brackets, also referred to as "T" brackets are double the length of standard wall brackets. Wall brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Brackets come in clear anodized finished.

**Finish:** Clear Anodized

Part No	Material	Construction	Panel	Base	Height
2264	Aluminum	Extruded	1"	3-3/4"	2-3/4"

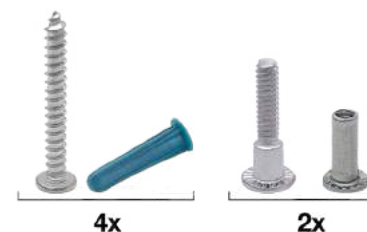

### Screw Packs : Double Wall Brackets Extruded Aluminum

Screw packs for double aluminum wall brackets. Includes all thru-bolting and wall mounting fasteners needed to install one wall bracket. Fasteners are chrome plated steel with 10-24 thread and one way safety slot or 6-lobe pin heads (T-27).

**Finish:** Chrome

Part No	Partition Thickness	Head Type
114240	1" Material	One Way
6114240	1" Material	6-lobe Pin
114260	1-1/4" Material	One Way
6114260	1-1/4" Material	6-lobe Pin

Available in One Way  or T-27 

## Double Wall Brackets : One Ear Stamped Stainless Steel

Brackets are one ear and wall to panel mounted for commercial restroom partitions. Brackets, also referred to as "F" brackets, feature 14 gauge stamped 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Brackets are double the length of a standard wall bracket for additional support and are finished off in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Base	Height
2219	Stainless	Stamped	1/2"	1-13/32"	2-1/2"
2239	Stainless	Stamped	3/4"	2-5/32"	2-1/2"
2279	Stainless	Stamped	1"	2-13/32"	2-1/2"
2299	Stainless	Stamped	1-1/4"	2-11/16"	2-1/2"

## Double Wall Brackets : Two Ear Stamped Stainless Steel

Brackets are two ear and wall to panel mounted for commercial restroom partitions. Brackets, also referred to as "T" brackets, feature 14 gauge stamped 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Brackets are double the length of a standard wall bracket for additional support and are finished off in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Base	Height
2209	Stainless	Stamped	1/2"	3-1/4"	2-1/2"
2229	Stainless	Stamped	3/4"	3-13/32"	2-1/2"
2269	Stainless	Stamped	1"	3-11/16"	2-1/2"
2289	Stainless	Stamped	1-1/4"	3-15/16"	2-1/2"

## Screw Packs : Double Wall Brackets Stamped Stainless Steel

Screw packs for double stamped stainless steel wall brackets. Includes all thru-bolting and wall mounting fasteners needed to install one wall bracket. Fasteners are 304 stainless steel and are available with either a one way safety slot or 6-lobe pin head (T-27).

**Finish:** Satin

Part No	Partition Thickness	Head Type
6114219	1/2" Material	6-Lobe Pin
114229	3/4" Material	One Way

Brackets

## Double Brackets: U Brackets

### Double U Brackets Extruded Aluminum

Brackets are u shaped and are pilaster to panel mounted for commercial restroom partitions. Brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Brackets are double the length of standard u brackets and come in a clear anodized finish.

**Finish:** Clear Anodized

Part No	Material	Construction	Panel	Base	Height
2304	Aluminum	Extruded	1"	3"	1-3/8"

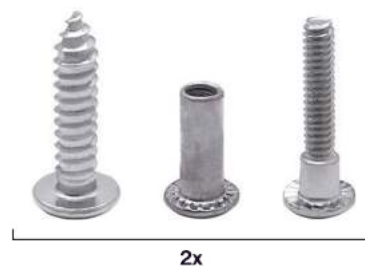

### Screw Packs : Double U Brackets Extruded Aluminum

Screw packs for double aluminum U brackets. Includes all thru-bolting and panel mounting fasteners needed to install one bracket. Fasteners are chrome plated steel with either phillips, one way safety slot, or 6-lobe pin heads (T-27).

**Finish:** Chrome

Part No	Partition Thickness	Head Type
127320	1" Material	6-Lobe Pin

Available in T-27

### Double U Brackets Stamped Stainless Steel

These U shaped brackets are mostly used in securing restroom compartment divider panels to the pilaster. Brackets feature 14 gauge stamped 304 stainless steel construction which is very versatile, extremely durable and immune to rust. Brackets are double the length of a standard U bracket for additional support and finished off in a brushed #4 satin.

**Finish:** Satin

Part No	Material	Construction	Panel	Base	Height
2319	Stainless	Stamped	3/4"	15/16"	2-1/2"
2329	Stainless	Stamped	1"	1-3/16"	2-1/2"
2999	Stainless	Stamped	1/2"	1-13/32"	2-1/2"

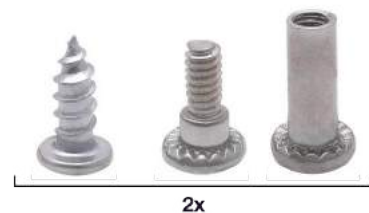

### Screw Packs : Double U Brackets Stamped Stainless Steel

Screw packs for double stamped stainless u brackets. Includes all thru-bolting and panel mounting fasteners needed to install one bracket. Fasteners are 304 stainless steel with either phillips, one way safety slot or 6-lobe pin head (T-27).

**Finish:** Satin

Part No	Partition Thickness	Head Type
114169	3/4" Material	One Way
6114169	3/4" Material	6-Lobe Pin

## Continuous Brackets: Wall Brackets

### Continuous Wall Brackets : One Ear Extruded Aluminum

Brackets are one ear and wall to panel mounted for commercial restroom partitions. Brackets, also referred to as "F" brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Full length brackets offer total wall to panel support as well as additional privacy by eliminating spacers between the wall and panels. Brackets available in clear anodized finish.

**Finish:** Clear Anodized

Part No	Panel	Length	Height	Base	Mounting
2094	1/2"	57"	2-3/4"	1-31/32"	7 Holes
4394	1/2"	57-1/2"	2-3/4"	1-31/32"	5 Holes

## Continuous Brackets: H Brackets

### Continuous H Brackets Extruded Aluminum

Brackets are "H" shaped and pilaster to panel mounted for commercial restroom partitions. Brackets feature extruded construction in 1/8" thick 6063-T5 aluminum chosen for its strength and corrosion resistance. Use mostly in alcove situations when pilaster and panel needs to be connected edge to edge. These full length brackets offer total pilaster to panel support as well as additional privacy by eliminating spacers between panels. Brackets available in clear anodized finish.

**Finish:** Clear Anodized

Part No	Panel 1	Panel 2	Length	Height	Mounting
2858	1"	1"	54"	2-1/2"	5 Holes

### Screw Packs : Continuous H Brackets Extruded Aluminum

Screw packs for continuous "H" brackets. Includes all thru-bolting panel mounting fasteners needed to install one bracket. Fasteners are chrome-plated steel. Available with either a one way safety slot or 6-lobe pin head (T-27).

**Finish:** Bright Chrome

Part No	H Bracket Application	Bracket Length	Head Type

### Headrail End Plugs Die Cast Zamac

6670

6672

6690

Headrail end plugs are for bathroom partition headrails. End plugs are used to cover exposed ends of the headrail and are pressure fitted in place. Plugs feature die casted construction in Zamac #3.

Part No	Material	Finish	Post Size	Compatibility
6670	Zamac	Polished Chrome	3/4", 1", 1-1/4"	•
6672	Zamac	Painted Aluminum	3/4", 1", 1-1/4"	•
6690	Zamac	Polished Chrome	1-1/4"	Ampco

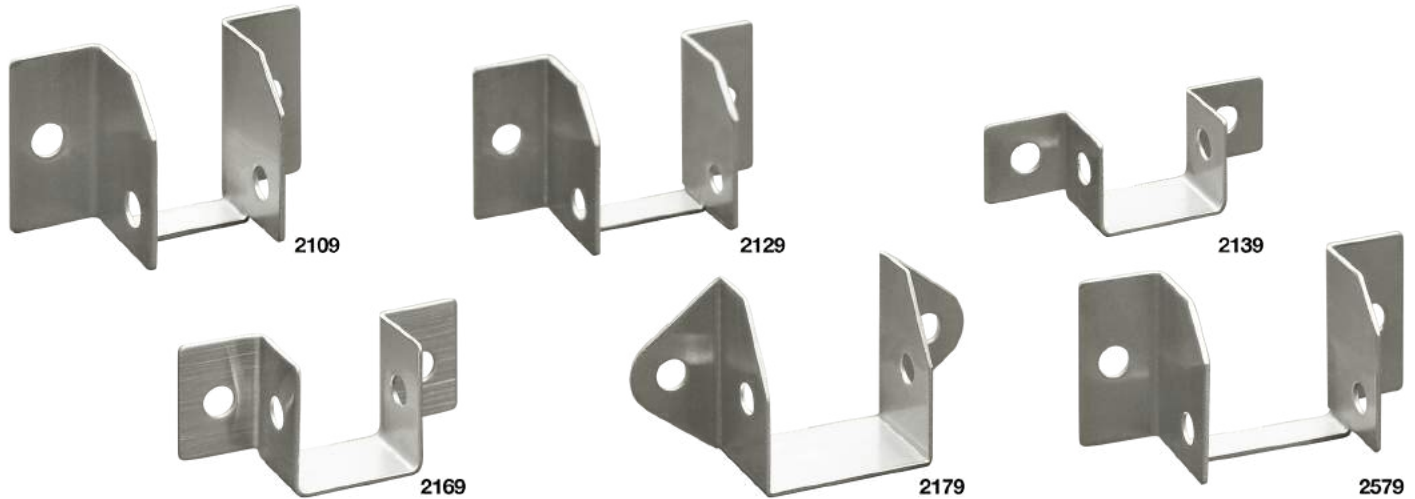

### Headrail End Plugs Molded Nylon

Headrail end plugs are for bathroom partitions headrails. End plugs are used to cover exposed ends of the headrail and are pressure fitted in place. Plugs feature molded construction in gray nylon.

Part No	Material	Finish	Post Size	Compatibility
6695	Nylon	Gray	1-1/4"	Shanahan
6765	Nylon	Gray	1"	Laminating
6845	Nylon	Gray	1-1/4"	Laminating

## Headrail Brackets Stamped Stainless Steel

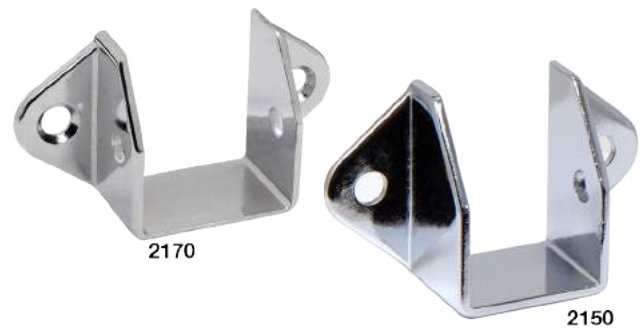

Headrail brackets are for bathroom partitions headrails. Brackets secure headrail from pilasters to wall. Brackets feature stamped 18 gauge 304 stainless steel construction which is the most versatile and widely used due to its corrosion resistance. Brackets are finished in a brushed #4 satin.

Part No	Material	Finish	Post Size	Compatibility
2109	Stainless	Satin	3/4"	Bradley
2129	Stainless	Satin	1"	Bradley
2139	Stainless	Satin	3/4"-1"	•
2169	Stainless	Satin	3/4" - 1"	•
2179	Stainless	Satin	1-1/4"	•
2579	Stainless	Satin	1-1/4"	Bradley

## Headrail Brackets Die Cast Zamac

Headrail brackets are for bathroom partitions headrails. Brackets secure headrail from pilasters to wall. Brackets feature die casted construction in Zamac #3 which is known for its excellent physical and mechanical properties. Brackets come in a bright chrome finish.

Part No	Material	Finish	Post Size	Compatibility
2150	Zamac	Polished Chrome	3/4" - 1"	•
2170	Zamac	Polished Chrome	1-1/4"	•

## Headrail Connector Packs Extruded Aluminum

Headrail connector packs are for restroom partition headrails. Connector packs connect two pieces of headrail together when longer lengths are needed. Brackets feature extruded construction in aluminum 6063-T5 material in a clear anodized finish to match the headrail. Complete pack comes with two brackets and fasteners.

Part No	Material	Finish	Post Size
15762	Aluminum	Clear Anodized	3/4"
15772	Aluminum	Clear Anodized	1"
15782	Aluminum	Clear Anodized	1-1/4"

## Square Tubing: Extrusions & Accessories

### Square Profile Tubing Extruded Aluminum

Square tubing primarily used for bathroom partitions posts and urinal screen supports. Tubing is typically anchored directly to the floor, or may be used in a floor-to-ceiling application. Custom lengths are available. Tubing features extruded construction in aluminum and a clear anodized finish.

Part No	Material	Finish	Length	Post Size
98334	Aluminum	Clear Anodized	10'	1-1/4"
98434	Aluminum	Clear Anodized	10'	1-3/4"

# Fasteners & Tools

## 1/4" Hex Driver Magnetic Tip

Jacknob's driver is compatible with standard hardened steel 1/4" drive hex bits for fastener installation and removal. Driver features nylon molded handle and a chrome-plated steel shank with magnetized end to hold bits in place.

Part No	Type	Drive Type	Length	Tip
8965	Driver	1/4" Hex	7-3/4"	Magnetized

8

Fasteners & Tools

## Drive Bits 6-Lobe Pin

96503

96513

96523

96533

Bits are to be used with 1/4" hex hand drivers to install and remove fasteners with a 6-lobe pin drive. Bits feature heat treated hardened steel construction in a mill finish.

Part No	Type	Size	Drive Type	Length
96503	Driver Bit	T-20	6-Lobe Pin	1"
96513	Driver Bit	T-27	6-Lobe Pin	1"
96523	Driver Bit	T-30	6-Lobe Pin	1"
96533	Driver Combo Bit	T-20/T-27	6-Lobe Pin	1-3/8"

## Security Screw Removers One-Way

These one-way screw removal screwdrivers are only compatible with one-way screws, also known as safety or security slotted screws. Removers feature nylon molded handles, a steel chrome plated shanks with carbide tips.

Part No	Type	Screw Size	Drive Type	Length	Tips
8915	Remover	#6 - #8	One Way	7-3/8"	Carbide
8925	Remover	#8 - #10	One Way	7-3/8"	Carbide
8935	Remover	#12 - #14	One Way	7-3/4"	Carbide

## Security Screw Remover Set One-Way

3-piece set of one-way screw removal drivers. Compatible only with one-way screws, also known as safety or security slotted screws. Removers feature nylon molded handles, chrome-plated steel shanks and carbide tips.

Part No	Type	Screw Size	Drive Type	Length	Tips
8905	Remover Set	#6 - #14	One Way	7-3/4"	Carbide

## Machine Thread Mild Steel: Shoulder Screws

### Shoulder Screws : Pan Head Mild Steel

Shoulder screws are to be used with barrel nuts for thru-bolt installations. Can be used on latches, hinges, brackets and other items for bathroom partitions. Barrel nuts feature machined construction in mild steel and are chrome-plated.

**Min. Order:** Sold only in multiples of 100 pcs.

Part No	Thread	Length	Drive	Head	Material
9773	10-24"	1/2"	One Way	Round	Steel
9783	10-24"	3/4"	One Way	Round	Steel
